

## **Public Health and Safety Training Courses 2012 Dates**

Clwyd Associates was established in 2000 and our employees have been carrying out training in health and safety for over 20 years. We combine our training with practical consultancy work and this helps us ensure our courses are up to date and our trainers have experience in solving health and safety challenges in a many different types of workplaces.

All our training is carried out at the Whitwick Business Centre, Coalville, Leicestershire LE67 4JP – this location has excellent links to the M1 and M42 and lots of free parking.

The course fees include IOSH fees, handouts and light refreshments.

We offer a 5% discount where organisations book two or more places on the same course.

### **IOSH Training**

IOSH is the Institution for Occupational Safety and Health - it is Europe's leading body for health and safety practitioners. Part of IOSH's work involves advancing the health, safety and welfare of people at work - and to achieve this it has developed nationally recognised practical training for the non-health and safety expert.

#### *IOSH Managing Safely – 4 days*

Managing Safety is suitable for those responsible for managing resources within any organisation or as a first step for those planning to get further health and safety qualifications. The syllabus covers:-

- Assessing risks
- Controlling risks
- Understanding your responsibilities
- Identifying hazards (e.g. manual handling, chemicals, fire, electricity etc.)
- Investigating accidents and incidents
- Measuring performance
- Protecting our environment

- 5<sup>th</sup>- 8<sup>th</sup> March 2012
- 8<sup>th</sup> – 11<sup>th</sup> October 2012

#### *Course fees in 2012*

£595 plus VAT

### **IOSH Working Safely - 1 day**

Working safely is for people at any level, in any sector, needing a grounding in the essentials of health and safety – it is a one day course that introduces learners to the subject.

At the end of the course, everyone meeting the assessment standard will receive an IOSH Working Safely certificate, a nationally-recognised standard of learning

meeting the government's guidelines for introductory health and safety training and matching the Health and Safety Executive's 'passport' syllabus.
